

Classic Days 2010 : The great meeting of historic car

After a 2009 edition gathering more than 700 vehicles and nearly 20 000 spectators, Classic Days return on May the 1st and 2nd 2010, on the circuit of Magny-Cours (France). For this 3rd edition, the objective remains unchanged : offer to all lovers of historic cars - expert or not - a program still richer, in a spirit of relaxation and friendliness.

Homage to Guy Ligier

After celebrating Tico Martini in 2009, the event will pay tribute to that other great man of the automotive world. Many personalities and friends who crossed path with Guy will be invited.

Alfa Romeo centenary

To celebrate the anniversary of the famous Italian brand, a large gathering of Alfa Romeo is planned at the Classic Days. Thanks to the Alfa Classic Club of France and the Club Alfa Romeo of France, we are expecting over 200 cars.

Mustang Day

The Classic Days is also the Mustang Day : the great annual meeting of the Mustang Club of France, open to all Mustang affiliated to the club or not. More than 150 Mustang are expected.

A varied program to delight many people

On the menu for fans : track sessions on the Grand Prix track, Classic Tour BRM Chronographes (rally composed of two routes with a BRM to win), exhibitions of cars, trade village with exhibitors of all kinds, demonstrations and THE famous big parade (record of 427 cars on track to beat...).

Be sure that good humor, eclecticism, festivities and of course passion will be there.
