

CLASSIC DAYS : April 28th and 29th, 2012 : already the fifth edition !

With 1139 registrated cars for the last edition and more than 20 000 spectators, the Classic Days appeared as **a major classic car event** in France, and gave to **the circuit of Magny-Cours** a wonderful fiftieth anniversary.

For this fifth edition, passion, **eclecticism, pleasure and friendliness** are always the main words to describe the concept.

Because the Classic Days are first and last an atmosphere, sensations and moments we are happy to live again during a weekend on a legendary circuit.

The program : free driving sessions on the F1 track, touristic rally, exhibitions of vehicles, animations, trade village, démonstrations of F1, protos, pre-war cars... and the famous great parade !

In 2012, the Classic Days will also celebrate some anniversary, and not the less important : thanks to the club concerned, we expect beautiful gatherings to celebrate **the 50 years old of mythical models like the MG B, the Triumph Spitfire or the AC Cobra...** in a nutshell, very attractive things are coming.

To conclude, don't forget to underline the 28th and 29th of 2012 on your calendar and see you on the circuit of Magny-Cours for the next edition of the Classic Days wich will be one more time an exeptional vintage under the sign of pleasure...
